ILLVSTRISS. SIGNORE  
Padron Colendissimo.

**L**o merito di V. S. Illustriss. fà così nobile concerto con le qualità de' suoi Atti, che ne risulta soave armonia al grado della Fama, per celebrarla. Al cunno de' publici applausi de' gli antichi Bolognini accordò le voci de' suoi encimi questa felicissima Patria, che gli ammirò e frà le toghe, e fra le spade trionfar' egualmente ne i Teatri di Marte, e di Pallade. Di' degenerarono i Discendenti da gli esemplari domestici; poichè sempre la Casa di V. S. Illustriss. è stata un benigno ristoro di virtuose fatiche. E' ella, che con l'unione d'ogni morale Virtù forma un' Eco leggadro alle memorie de' suoi Antepassati, per non dissentire dalla perfetta armonia del proprio Intelletto, ne da segni esteriori appagando sommamente la dolcezza

A 2 del

del proprio genio col suono de' gl' Instrumenti. Ond'io per dedicare à V. S. Illustriss. la mia seruìa con qualche forma, che possa esserle grata, ho pensato di presentarle l'offerta de' ruerenti affetti, che la noarifcono, con questi armoniosi caratteri, che potranno raddolcir, come spero, lo sconerto de' miei bassissimi moriti presso de' V. S. Illustriss. Alla quale bacio humilmente la mano.

## Lo Stampatore a chi suona.

**M**I sono capitate le seguenti Suonate di Chitarra, e Chitarriglia, e per essere parti di due valenhuomini, non hò voluto perder questa occasione di compiacerne il tuo orecchio. Sappile aggradire, finche ne puoi prendere, accioche non le habbi à desiderare, quando non ci faranno. E voglimi bene.

*Alfabeto.**Alfabeto falso.*

**N**<sup>6</sup> Elle Suonate, che hanno lettere segnate di sopra 2. 3. ò 4. &c. porrà la mano più bassa legando con l'indice il tasto 2. 3. ò 4. &c. e con gli altri farai la lettera, come sopra.

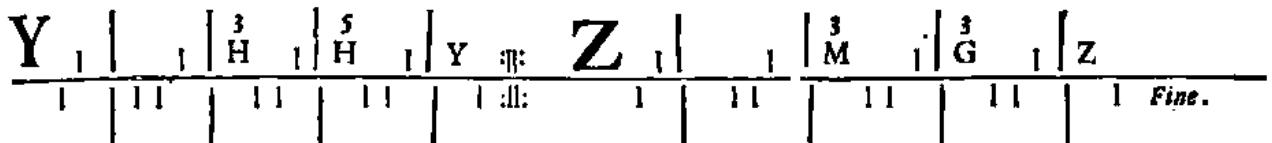

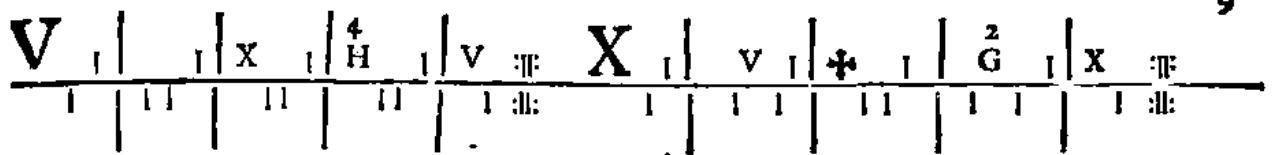

I numeri, che sono sotto le botte, s'intendono sopra il canto. Si che fino, che si giunga all'altra lettera, bisogna tener ferma la mano, e far sentire il canto.

Il legno \* sopra alcuna lettera, vuol dire, che in quella si porti il dito più commodo, ò più alto, ò più basso, come si vede nell'Alfabeto falso.

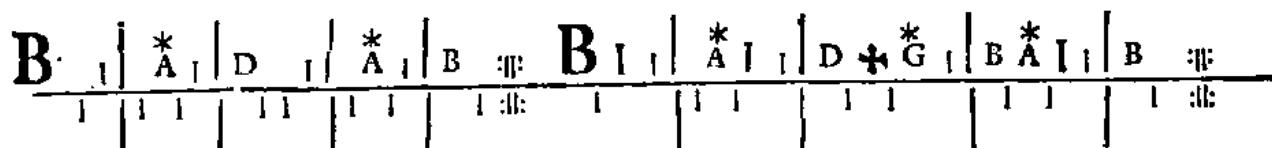

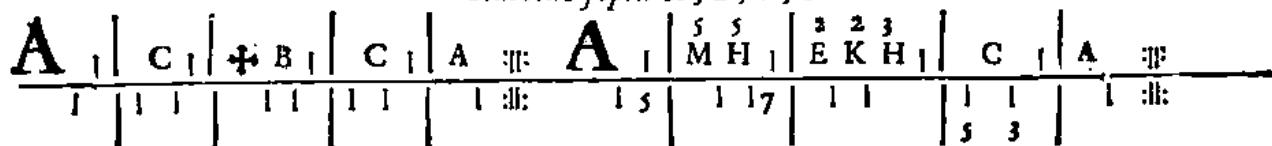

Il segno T. significa il tremolo, il qual si farà col dito minimo sopra il canto nella lettera C. e nella E. Nella B. si farà col dito istesso sopra la quarta corda. Nella F. con l'annulare sopra la terza. Nella I. sopra la seconda col dito istesso, &c.

*Accordatura.*

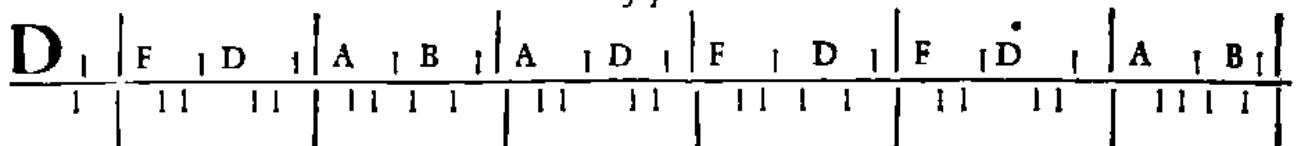

Per accordare quattro Chitarre di concerto, prima s'accorderà la terza corda della picciola Chitarra con la quinta della mezzana, e con la quarta della più grande si farà vibrarono, toccando poi la terza dell'altra Chitarra mezzana con la seconda corda della grande si farà l'istesso; si che la picciola con la grande farà accordata in quinta, e una mezzana in quarta, e l'altra in terza. Toccando poi la picciola sopra l'A, la grande sopra il C, una mezzana sopra l'I, e l'altra sopra l'H, faranno ottimo concerto.
